LETTER

Sir:

This is in response to the Notice to File Missing Parts of Application Under 37 C.F.R. § 1.53(d) mailed on June 4, 1985. Applicants have petitioned concurrently herewith to extend the time for response to that Notice from July 9, 1985, i.e., two months from the filing date of the application, up to and including September 9, 1985 and paid the required fee [37 C.F.R. §§ 1.136(a), 1.17].

Applicants herewith submit the following:

(a) a Declaration and Power of Attorney executed by Drs. Stavrianopoulos, Kirtikar and Thalenfeld and by them on behalf of Dr. Kenneth H. Johnston;

(b) a check for \$100.00 under 37 C.F.R. § 1.16(e) for the surcharge for filing the Declaration on a date later than the filing date of the application;

(c) an affidavit executed by Mary E. Bak under 37 C.F.R. § 1.47(a) with exhibits establishing a joint inventor's refusal to sign the Declaration; and

(d) a check for \$120.00 for filing the § 1.47(a) affidavit.

The Declaration is being filed pursuant to 35 U.S.C. § 116 and 37 C.F.R. § 1.47(a) because Dr. Kenneth H. Johnston, who on information and belief is a joint inventor with Drs. Stavrianopoulos, Kirtikar and Thalenfeld of both the above-identified application and its now-abandoned parent application S.N. 461,479, has refused to join in the present application for patent. The facts which evidence Dr. Johnston's refusal are set forth in the accompanying affidavit and its exhibits.

It is respectfully requested that the attached Declaration containing the signatures of Drs. Stavrianopoulos, Kirtikar and Thalenfeld, for themselves and on behalf of Dr. Johnston be accepted.

The Commissioner is hereby authorized to charge payment of any additional filing fees required by this paper under 37 C.F.R. § 1.16, or credit any overpayment of same, to Deposit Account No. 06-1075. A duplicate copy of this transmittal letter is enclosed.

Respectfully submitted,

AFFIDAVIT OF MARY E. BAK

STATE OF NEW YORK)
: ss.:
COUNTY OF NEW YORK)

MARY E. BAK, being duly sworn, deposes and says:

1. I am an attorney of record in the above-identified application S.N. 732,374 ("the application"). I make this affidavit in connection with the late filing of the declaration by Drs. Jannis G. Stavrianopoulos, Dollie Kirtikar and Barbara E. Thalenfeld, on behalf of themselves and Dr. Kenneth H. Johnston, pursuant to 35 U.S.C. § 116 and 37 C.F.R. § 1.47(a).

2. On information and belief, the invention disclosed and claimed in the application is the joint invention of Drs. Stavrianopoulos, Kirtikar, Thalenfeld and Johnston, which was originally disclosed and claimed in the parent United States patent application S.N. 461,469 ("parent application"). The declaration (attached as Exhibit A) for the parent application was executed by the four above-named inventors on January 25 and 26, 1983 and the parent application was filed on January 27, 1983. At the time of the filing of the parent application, all four inventors were employed by Enzo Biochem, Inc. of New York, New York ("Enzo").

7. On June 17, 1985, I responded to Dr. Johnston's letter by sending him a copy of the application with a letter (attached as Exhibit E) again requesting return of the executed declaration. When no response to the June 17, 1985 letter was timely received, I sent two identical letters (attached as Exhibits F and G) on August 12, 1985 to Dr. Johnston's home and business addresses requesting execution of the declaration. The letter to Dr. Johnston's home address was sent by certified mail. The certification receipt is attached as Exhibit H.

8. On September 11, 1985, I contacted Dr. Johnston by telephone at Rockefeller University at 212-570-8163 and requested that he execute and return the declaration. Dr. Johnston refused to sign the declaration. On information and belief, Dr. Johnston's refusal to execute the declaration is not based on any question concerning the merits of the application, but is apparently grounded upon a general refusal to cooperate with his former employer, Enzo, in any way.

9. Dr. Johnston's refusal to execute the declaration is believed to be in disregard of his obligations under the assignment (Exhibit B) of the parent application. Therefore, the declaration has been re-executed by Drs. Stavrianopoulos, Kirtikar and Thalenfeld on behalf of themselves and Dr. Johnston.

3. An assignment (attached as Exhibit B) to Enzo of all inventions claimed and/or disclosed in the parent application and all related foreign or continuation applications disclosing same was executed by the four above-named inventors and was recorded on January 27, 1983 in the United States Patent and Trademark Office under Reel 4094, Frame 509.

4. On information and belief, Dr. Johnston's employment with Enzo was terminated by mutual agreement prior to September 1983. On information and belief, Dr. Johnston's present home address is 95 Horatio Street, New York, New York 10014.

5. In April 1985, I was asked to prepare a continuation-in-part patent application directed to subject matter disclosed in the parent application. During the period April 1, 1985 through May 9, 1985, I worked with Samuel B. Abrams, patent counsel for Enzo, in connection with the preparation of the application. Because of the need to file the application prior to the abandonment of the parent application on May 9, 1985, the six-month deadline for response to the then-outstanding Office Action, the application was reviewed by Dr. Thalenfeld and filed without a declaration. During subsequent preparation of the declaration for execution by the inventors, I was informed that only Drs. Stavrianopoulos, Thalenfeld and Kirtikar were currently employed by Enzo.

6. On May 20, 1985, I sent a declaration to Mr. Abrams for execution by the inventors employed by Enzo. I received the executed declaration from Enzo on May 30, 1985. On May 31, 1985, I sent to Dr. Johnston a letter (attached as Exhibit C) with the declaration requesting that he also execute it and return it to me. Dr. Johnston then requested by letter dated June 11, 1985 (attached as Exhibit D), a copy of the application which had been inadvertently omitted from my May 31 letter.

New United States Patent Application

Dear Dr. Johnston:

On May 9, 1985 we filed on behalf of Enzo Biochem, Inc., a continuation patent application of your pending application identified above. No new invention was added to the previous application; however, we did include an additional example. We also "cleaned up" the language in the application by deleting excessive background material.

We have enclosed a new declaration and power of attorney for execution by all the inventors of the prior parent application. Please sign and date this form where indicated on page three and return it to us in the enclosed stamped, addressed envelope.

Thank you for your assistance.

Very truly yours,

New Continuation Patent Application

Dear Dr. Johnston:

Thank you for your letter of June 11, 1965.

A copy of the enclosed continuation application should have been included with the declaration which was sent to you. Its absence from the envelope was inadvertent and I apologize for this oversight.

As I indicated in my previous letter, the continuation application contains examples and disclosure provided in the prior application. You will note, however, that the background portions have been changed primarily for the purpose of clarity.

Once you have reviewed the application, please sign the declaration and return it to me.

Because the European application corresponding to the original Enz-7 parent application has not yet been published, this application remains the confidential property of Enzo Biochem by virtue of the assignment filed in the parent application. Therefore, please do not disclose this application to anyone. After you have reviewed it, please, either return it to me, destroy it or, if you wish to retain it in your files, please ensure that it is unavailable to anyone but yourself.
